### Membership Committee...

is asking all current members to make 2004 the year where we bring in a record number of new members into the SEHA. The goal is attainable and very simple...

- each member asks 3 potential members to join in the next 3 months
- send each potential member an SEHA Brochure and Application Form
- follow-up with those 3 candidates via phone calls and e-mails – be persistent!

The SEHA is a great organization and can be even better if more of the members become active and involved in the recruitment of new members. Let's continue on with this great tradition and keep the SEHA a strong and vibrant organization.

Applications and brochures are included with the newsletter. Additional forms can be obtained by contacting Jim Lail @ 704-732-4057.

The SEHA Shoot Out is a new event added to the Monday evening activities. The top 16 attending handicapped players were paired together into 8 two man teams.

All eight teams started on the first tee and played alternate shot format through the green. The team members also had to alternate tee shots as well. The first two team cut took place at the end of the second hole where a chip off from the 100 yard marker was held.

The second cut of two teams was conducted at the third hole of play with the final cut of two teams taking place at the fourth hole of play.

With only two teams remaining -Keith Saine & Henry Lipscomb verses John Petersen & Randy Holland – tensions were high as the two teams battled to the final putt.

The winners of the 1st Annual SEHA Shoot Out was Randy Holland & John Petersen. Congratulations!
